

Use Your Nursing Skills in Legal Cases to Hike Your Income

You want to earn more money using the nursing skills you have but you're not sure where to begin.

Start here!

Picture yourself in an attorney's conference room with lawyers and clients listening to you impart the nursing knowledge they need, hanging onto your every word, relying on you, and you come through.

You are now the Nurse Expert.

You have what it takes to help attorneys win.

As a nurse, you already read medical records so you need to get the legal and marketing direction to become the Nurse Expert. Since 2006, Jurex Center for Legal Nurse Consultants has certified thousands of nurses, just like you, to be Professional Legal Nurse Consultants. There are PLNCs all over the country. Join the PLNC movement and start earning what you deserve.
